## School Governor Vacancy

Behind the scenes at Collingwood are a small but enthusiastic band of people who form the School Governors. This group made of people from outside the community, from the school community of parents and friends and including some staff meet regularly to check that the school is still the exciting well run place it has always has been. At this time we are looking for a new Parent Governor to join the team and it could be you! The qualifications for this voluntary role are to be able to give about 12 hours of time a term for meetings, to be willing to visit school events and support them and most importantly to care that Collingwood Primary School is there for every child to achieve the very best they can.

I have been on the Governors now for about 12 years, 6 as Chair, and I know what an amazing school your child attends. I am about to step down at the end of this term and to hand over the rein to a new Chairperson but I have loved being involved and can only say to you, if you are interested in education and interested in children's achievement than please apply.

Forms will soon be out and it may need to go to a vote if a few people apply-actually that would be great as it will prove how many parents are really interested in supporting Mrs Grant and her staff.
