Spotlight

Year
4

We loved Bike-ability!
We improved our skills and safety
while having fun. We are now
much more confident using our
bikes.

Year
6

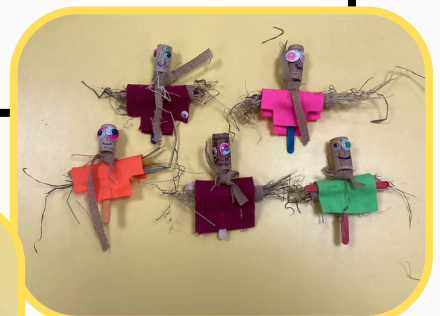

Year 6 put their detective skills to the test during a real crime scene workshop. They had to use their knowledge on fingerprints, footprints and DNA to solve the mystery of who had committed a robbery. Our fantastic, modern day Sherlock Holmes managed to solve it in record time!

Spotlight

Reception

We have had so much fun learning all about Autumn! We have made autumn music with the music lady, sang songs teaching us about what happens in autumn, as well as lots of autumn arts and crafts. We can't wait to learn all about winter!!
